Question 20 words which plainly phrases the chief purpose of the measure.

Shall the City of Banks annex 1.03 acres of contiguous land?

Summary 175 words which concisely and impartially summarizes the measure and its major effect.

Annexation request initiated by the Banks city council on behalf of the owners of approximately 21 affected parcels, comprising 1.03 acres adjacent to the city's current boundary, was reviewed and approved by the city council and now requires voter approval to become final. Most of these parcels are already within the Banks city limits, but the western-most 30 feet on the back of each parcel was left out of the city when these lots were annexed. This annexation will bring the remaining westerly 30 feet of these lots into the city limits, eliminate these islands of unincorporated Washington County land, and result in a more logical and appropriate city boundary. City charter requires voter approval before this annexation can become final.

EXPLANATORY STATEMENT

This island annexation, initiated by the Banks City Council, involves the back (western-most) 30 feet of 21 separate lots. The majority of all 21 lots lie within the city limits. But when these lots annexed into the city in 2016, the western-most 30 was left out. The western-most 30 feet of these lots currently exists as an island of unincorporated Washington County land completely surrounded by incorporated City of Banks. Thus, the annexation proposal will bring the rest of these 21 lots into the city limits at no cost to the property owners. This annexation will not increase development potential of the lots, nor will it increase the city's population. Upon annexation, these lots will be zoned R-5 single-family residential, the same as the portion of these lots already within the city. Upon annexation these lots will be assessed and taxed the same as other similarly situated residential property in the city. This annexation will eliminate islands of unincorporated Washington County land and result in a more logical and appropriate city boundary. City charter requires voter approval before this annexation can become final.
